

HORSENSE

For Retailers

Who we are

Horsense is the new IT project for equine industry. Our clients are horse tack retailers, wholesalers and producers. This is a SaaS (Software as a Service) solution which helps businesses to increase their online sales and reduce e-commerce costs.

Who our clients are

Horse tack retailers, wholesalers and producers who want to improve their e-shops, reduce maintenance costs, order additional online services or find new partners.

Why choose us

We offer a new modern online store with a great number of features, which are customized for horse tack retailers. You will get your new 100% ready-to-work e-shop just in 7 working days. Besides you can take advantage of using our extra services like website administration, content management, and digital marketing. You can read more about our concept ***here***.

How much it costs

E-shop set-up and customisation is free of charge. We offer monthly subscription fee, which includes hosting, maintenance and support. Rate amount depends on chosen website features and starts from €19.90/month. Tariff for all tools you can find on our ***pricing page***.

Please contact us if you are interested in our service.
